Work Experience

Gatoes, Chandigarh   Aug 2024 - Present
Software Developement Intern   **Tech Stack-** Next.js, Tailwind CSS, JavaScript, OpenAI API, Git & GitHub.

- Developed the frontend of their latest product using Next.js and Tailwind CSS, focusing on responsive design and user experience.
- Integrated AI-powered features using ChatGPT for the backend, enabling advanced user interactions and personalized recommendations.
- Utilized Next.js for server-side rendering, optimizing performance and improving SEO for the website.

StudyFliss, New Delhi   Feb 2024 - Present
Co-founder & Developer   **Tech Stack-** NextJS, ReactJs, NodeJS, Git & GitHub, social media for marketing.

- Co-founded StudyFliss to create a comprehensive platform for IPU students.
- Integrated features such as study material sharing, exam analysis and ChatBot to help students through examination.
- Executed a marketing strategy to promote StudyFliss across IPU colleges, growing the user base to 1000+ students in three months.

Apka Soft Tech, New Delhi   Aug 2023 - Oct 2023
Web Developer   **Tech Stack-** ReactJS, Wordpress, Tailwind CSS, Google Analytics, Git & GitHub.

- Spearheaded the design and maintenance of the website, implementing cutting-edge technologies: React and Tailwind CSS.
- Utilized Google Analytics to monitor website traffic, extracting actionable insights that led to a 10% increase in user interactions
- Used Wordpress to create many Landing pages for various E-commerce websites and pages.

Project Work

PortFolio Website: NextJs, Tailwind
- Showcased all my projects and their details with live project and repository accessibility. Engineered an engaging Portfolio UI, while maintaining responsive design techniques, enhancing accessibility across devices.

StudyFliss: Next.js, Node.js, Express.js, CloudFarer2, SupaBase
- A website that comprises all the information/ resources a student might need to live his/her college years to the fullest. Provided university notes and exam analysis for helping students while incorporating a ChatBot to answer students question using OpenAPI allowing image to text prompts as well.

Iphone Website Clone:Vite - ReactJs - ThreeJs - GSAP
- Beautiful Subtle Smooth Animations with a unique and interactive video carousel developed using GSAP. 3D Model Rendering with Different Colors and Sizes with a fully responsive design that adapts to different screen sizes.

Volunteer Experience

- **Full Stack mentor- NameSpace Socitey:** Held webinars, introduced and taught students about Web Dev and Cloud
- **Drishti Rotaract Club Member:** Managing and coordinating Social Drives including Sanitary Pad Distribution, Blood Donation, Stationary Donation etc.
